## SATEI : A place to experience the town spirit.

A place to discover your inner sense of "IKI" (Japanese aesthetics)

We will help you make one-of-a-kind discoveries and encounters in spots where the new cityscape intersects with the good old atmosphere that has existed since the Edo period. This hotel is situated in Ginza, the origin of fashion in Japan. In this town is a spirit known as "IKI", a particular aesthetic born from the history of this town which has always persisted in "Progression" and "Being the best". Based in a hotel which we call Satei (a residence offering the hospitality of tea ceremony), we offer a trip for visitors to experience the "IKI" that is unique to Japanese people.
